

March 2022

### Dear Members

The Joint Management Committee ('JMC') of the Old Mutual Employee Group in SuperFund ('OMEGS'), in applying its **Responsible Investment Policy\***, would like to better understand the views of its membership in relation to **responsible investment**. Your feedback will help the ongoing improvement of the [OMEGS investment strategy](#) and support the JMC in its engagement with various stakeholders.

Responsible investing includes taking a closer look at how our investment managers look at each company they invest in, each company's environment impact, the role the company plays in society, how it is governed and the impact that this may have on its financial performance.

The survey consists of 12 questions and will take no longer than 20 minutes to complete. [Click here](#) to complete the survey. You can also stand a chance to **WIN 1 of 5 Kohler Clarity Countertop Water Purifiers**. The link to the survey will close on **31 March 2022 at midnight**.

*\*A copy of the Responsible Investment Policy is available to members on request. To obtain a copy, please send an email to [superfund@oldmutual.com](mailto:superfund@oldmutual.com) and request the document from the JMC.*

Thank you for your participation.

Regards

**OMEGS Joint Management Committee**
