

Dear ,

#### National Wills Week: 12-16 September 2022

Don't overwhelm yourself when it comes to decisions that will be beneficial for your loved ones when you are no longer around to take of them.

#### But why do you NEED a Will?

If anything, you've worked hard to ensure that your loved ones are well looked after and taken care of. One day, when the sad reality of death comes, you can ensure that your assets are distributed according to your wishes.

#### Drafting your Last Will and Testament

Your "Last Will and Testament" is an official and legal document. It is advisable to get a qualified attorney to do it to help ensure that the will is complete and valid.

#### DRAFT YOUR WILL FOR FREE

Make things easier for you and your family by ensuring that you have a **valid and up-to-date Will**

Rest assured and plan ahead with **Old Mutual Will, a free Will-drafting service**

You can also get your Will drafted **FOR FREE** during **12-16 September 2022** by any participating attorney

If you **DO NOT have a Will**, your assets will be distributed according to the provisions put forth in the Intestate Succession Act, which stipulates that your assets are fairly transferred to:

- Your spouse and child(ren) if applicable;
- Your siblings and parents *if applicable*; and
- extended family *if required*.

However you run the risk of your assets not being distributed in the way you intended. There could be delays in appointing an executor (who will be somebody that you did not intend to choose) and unnecessary costs involved.

**Stay happy and healthy!**
